

Diagram 100 illustrates a system for transmitting facsimile data via the Internet. The system includes two facsimile machines, 1 and 2, connected to a central network. Machine 1 is labeled "FACSIMILE MACHINE" and has a monitor 1B. Machine 2 is labeled "FACSIMILE MACHINE" and has a monitor 2B. The central network consists of a "PUBLIC NETWORK" (7) and "THE INTERNET" (8). Two large arrows represent the transmission paths: "TELEPHONE NETWORK TRANSMISSION (FACSIMILE COMMUNICATION)" and "THE INTERNET TRANSMISSION (E-MAIL COMMUNICATION)".
